

Remarks

Claims 1-26 in this application and have been allowed. Upon review of the final allowed claims, a minor error was discovered in claim 26. Specifically, it was noted that claim 26 should have referred to the “heat element” rather than the “heat generator”. Accordingly, claim 26 has been amended to provide the proper antecedent basis.

Applicants believe the amendments made herein add no new matter, and that the application is now in condition for allowance. Applicants respectfully request that this amendment after allowance be entered, and that the application proceed to issuance.

Respectfully submitted,

Dianne D. Mueller et al.
